The students presented a beautiful array of resolutions and commitment towards the Mother Earth in the form of their artistic expressions. Students depicted their utmost dedication to the cause of conserving Mother Earth. Students actualised the 'Save Earth Campaign' by making informative yet attractive drawings, Greeting Cards, Bookmarks, collage ,paintings, slogans, posters ,banners and logos motivating everyone to join hands in this cause of utmost significance. Students displayed brilliance in their creative potential ,which included use of diverse eco-friendly materials only, to beautifully put the strong message of saving the Mother Earth across. All the students pledged to take this resolution further in the wider arena of their family, society, state and nation at large.

Madam Principal, Madam Co-ordinator and all the Staff members came in full support of the students in their Mission to Save the Earth and being active warriors for Mother Earth in this journey. Eco Club pledges to take this awareness campaign far and wide, through the little but instrumental hands of our young children, who have the power to mould the destiny of the Mother Earth towards more greener, more healthier , more progressive and developmentally expansive domains.
